

Important Announcement

The last date of taking admission in HS 1st Year (both Arts and Science Stream) at Brabhag College is 28/07/2020. A text message was already sent to the registered mobile number of every eligible and selected student as per merit list. Students have to login through their User id and Password on the college website www.barbhagcollege.co.in for taking admission. After logging in and going to the online admission page, they need to upload Domicile Certificate (such as NRC, Voter ID, PRC etc) at first, and then click Save & Next button. Thereafter, they need to click Take Admission button which is available at the top of that screen. After that, students will have to put the Unique Id number which they have already generated from the website <http://directorateofhighereducation.assam.gov.in>. Finally, they need to accept the declaration which they will find on that very screen. Once the declaration is accepted, the admission process will be completed.

(N.B.: Those students who already uploaded the domicile certificate at the time of form submission need not upload it again.)
